SUPPLEMENTAL MATERIALS: Direct supplemental application materials to:

Johns Hopkins University School of Medicine
Office of Graduate Student Affairs
1830 E. Monument Street, Suite 2-107
Baltimore, MD  21287

If you are applying to more than one program, only one complete set of supporting materials is required.

ADMISSION REQUIREMENTS: Requirements specific to each program are noted in The Johns Hopkins University School of Medicine Catalog and the graduate program website: http://www.hopkinsmedicine.org/graduateprograms. Any questions can be resolved by contacting the program to which you are applying (see graduate program website for contact information).

TRANSFERS: Applicants desiring to transfer from another school must be in good standing at the school previously attended.

FINANCIAL AID: The Office of Financial Aid only provides assistance with U.S. government sources of funding which are available only to U.S. citizens and permanent residents. Inquiries concerning financial aid may be sent to: The Johns Hopkins University School of Medicine, Student Financial Aid Services, Reed Hall, 1620 McElderry St., Suite 427, Baltimore, MD  21205-1911, or telephone (410) 614-3450. E-mail: finaid@jhmi.edu

APPLICATION DEADLINES: Applications and supporting documents must be submitted by the dates listed below:

December 1  Neuroscience
             Immunology

December 2  Pathobiology

December 5  Biochemistry, Cellular and Molecular Biology

December 8  Cellular and Molecular Medicine

December 15 Biomedical Engineering

January 1   Human Genetics and Molecular Biology
             Program in Molecular Biophysics

January 10  Biological Chemistry
             Cellular and Molecular Physiology
             Functional Anatomy and Evolution
             Pharmacology and Molecular Sciences

January 15  History of Medicine

February 15 Applied Health Sciences Informatics (MS)
             Health Sciences Informatics (PhD) supporting materials due 2/15
             Health Sciences Informatics (MS) supporting materials due 2/15
             Post Baccalaureate Certificate in Clinical Informatics

February 21 Medical and Biological Illustration (MA) – Art Portfolios and Applicant Profiles due January 15

ADDITIONAL INSTRUCTIONS FOR INTERNATIONAL APPLICANTS TO THE PROGRAM IN MOLECULAR BIOPHYSICS:

Students in the Program in Molecular Biophysics are supported for the first two years by a training grant from the National Institutes of Health, and this support is limited to U.S. citizens and permanent residents. For this reason, international applicants must demonstrate financial support for their studies and must deposit funds covering the first two years of tuition and living expenses with the University prior to April 15. If the funds are not deposited in a timely manner, any offer of admission to the Program in Molecular Biophysics will be null and void. In addition, all international applicants to the Program in Molecular Biophysics graduate program must submit the Biophysics Supplementary Application Form for Non-U.S. Citizens and Non-U.S. Permanent Residents by the admissions deadline. Applications from non-U.S. citizens and non-U.S. permanent residents that do not include the Supplementary Application Form will not be considered. Download the form at: http://www.grad.jhu.edu/downloads/Biophysics%20Supplementary%20Application%20Form.pdf

The Johns Hopkins University does not discriminate on the basis of race, color, gender, religion, age, sexual orientation, national or ethnic origin, disability, marital status or veteran status in any student program or activity administered by the University, or with regard to admission or employment. Questions regarding Title VI, Title IX and Section 504 should be referred to the Office of Institutional Equity, Wyman Park Building, Suite 515, Telephone: (410) 516-8075, (TTY): 711, MD Relay.
SAMPLES OF WORK: Several programs require an applicant to submit a sample of work: History of Medicine requires a thesis, publication, writing sample, or term paper. Medical & Biological Illustration requires an Art Portfolio and Applicant Profile. Send the samples of work directly to the program address listed below, and send supplemental materials to the Office of Graduate Student Affairs.

History of Medicine, Johns Hopkins University School of Medicine, Dept. of History, 1900 E. Monument St., Baltimore, MD 21205
Medical & Biological Illustration, Johns Hopkins University School of Medicine, 1830 E. Monument St., Suite 7000, Baltimore, MD 21287

CURRICULUM VITAE: The Biochemistry, Cellular and Molecular Biology, and Functional Anatomy and Evolution graduate programs require a C.V. to be submitted (2 page maximum).

TRANSCRIPTS: Official transcripts of certified records of all university (undergraduate and graduate) study are required and must be sent to our office. Please have your official transcript sent directly from your previous institution to Johns Hopkins University School of Medicine Office of Graduate Student Affairs. Applicants using the online application may upload a copy of their official or unofficial transcripts to expedite their review, however it is not required. If you upload your official/unofficial transcripts, you are still required to submit official transcripts of all college and university study. Transcripts must be officially translated into English, and received in a sealed university envelope to be considered official. If you have attended more than one institution, official transcripts from each must be received for your application to be considered complete. Applicants should also send a list of any current courses and courses that will be taken before beginning graduate study that do not appear on their transcripts. Official transcripts for courses currently enrolled in can be sent after you apply, when they become available. Please note - transcripts are not returnable.

Electronic Transcript Reporting: Electronic transcripts must be sent through a secure reporting system (ex: Parchment, eScriptSafe) to be considered official. Transcripts received via regular email will not be considered “official”. If your official transcripts are sent to us electronically, please direct them to: gradsoff@jhmi.edu

LETTERS OF RECOMMENDATION: Please request letters of recommendation from faculty members or other professionals who are acquainted with you and your academic work. These letters should comment on your aptitude and promise for independent research. See the list below for the number of letters required by each program. Letters of recommendation should be submitted through the online recommendation system. When letters are submitted online it is not necessary to send a hard copy. Applicants to the Medical and Biological Illustration program must obtain a letter from faculty members in both Science and Art.

GRADUATE RECORD EXAMINATION AND TEST OF ENGLISH AS A FOREIGN LANGUAGE: INSTITUTION CODE 5316
Applicants should request the results of the GRE and TOEFL test be sent directly to Johns Hopkins University PhD Medicine 5316. No Department Code is necessary. You must take the GRE/TOEFL in sufficient time for the score reports to reach us by the application deadline. Scores reported to the wrong Institution Code may result in your application status being considered incomplete. You may submit your application prior to taking the tests and we will match the official score report to your file when it becomes available. The Applied Health Sciences Informatics, Health Sciences Informatics (MS and PhD), and Certificate in Clinical Informatics programs have specific requirements for the GRE. Please review the program websites for a complete list of requirements.

Our programs do not require the GRE Subject test however applicants are encouraged to submit scores. The Biochemistry, Cellular and Molecular Biology program strongly encourages applicants to take the GRE Biochemistry, Cell and Molecular Biology subject exam. The BCMB program will give preference to those applicants who score well on the GRE-BCMB subject exam, and will accept these subject GRE scores in place of the GRE general exam scores. ETS Personal Potential Index reports are not required. If you choose to send them, please direct the reports to Institution Code 5316.

TOEFL or IELTS scores are required for international students: TOEFL Institution Code 5316. The TOEFL requirement is waived if you have completed your degree (or are currently enrolled in a degree program) at a university within the U.S. To report official IELTS test scores, please include the Test Report Form verification number (TRF) on the application.

Medical College Admissions Test: MCAT scores are not required. Some programs will accept the MCAT in place of the GRE; please contact them directly to inquire. Contact information is available on the graduate program website: wwww.hopkinsmedicine.org/graduateprograms. If you plan to submit MCAT scores, please send a copy of the official results, including verification code, to the Johns Hopkins University, Office of Graduate Student Affairs.
