

Johns Hopkins Autoimmunity Day  
Friday, June 5, 2015

*The Johns Hopkins Bloomberg  
School of Public Health  
Becton Dickinson  
W1020*

**Morning Session– Patrizio Caturegli, M.D., MPH– Moderator**

8:00am - 9:00am	Continental Breakfast-Anna Baetjer room-W1030
9:00am - 10:00am	<p><b>Keynote speaker- Dan Littman, Ph.D.</b>            Professor of Molecular Immunology, Dept of Pathology, Skirball Research Institute at New York University  <b>“Role of the microbiota and the tissue microenvironment in programming of inflammatory T cells”</b></p>
10:00am - 10:30am	<p><b>Felipe Andrade, MD, PhD</b>            Associate Professor of Medicine/Rheumatology, Johns Hopkins University, SOM  <b>“An old dog with new tricks: How RA33 challenges the paradigm of autoantigen selection in rheumatoid arthritis”</b></p>
10:30am - 11:00am	Break - Light Refreshments- Anna Baetjer room- W1030
11:00am-11:15am	<p>Short Talk- <b>Abby Geis</b>, Graduate Student, Immunology Training Program, SOM  <b>“A [T] regulatory paradox: Priming an oncogenic inflammatory response to gut microbiota”</b></p>
11:15am - 11:45am	<p><b>Barbara Detrick, PhD</b>            Professor of Pathology/Immunology, Johns Hopkins University, SOM  <b>“Breakdown of Immune Regulation in the Eye: Mechanisms of Retinal Autoimmunity”</b></p>
11:45am - 12:15pm	<p><b>Sergei Atamas, MD, PhD</b>            Associate Professor of Medicine/Rheumatology, University of MD, SOM  <b>“Molecular mediators of autoimmune and connective tissue interplay”</b></p>

**Afternoon Session- Daniela Cihakova, M.D., Ph.D. - Moderator**

12:15pm-1:15pm	LUNCH– Anna Baetjer room– W1030
1:15pm - 2:15pm	<b>Keynote speaker- Ulrich von Andrian</b> Edward Mallinckrodt Jr., Professor of Immunopathology, Division of Immunology, Dept of Microbiology & Immunobiology, Harvard University <b>“Career Decisions: How T cells remember pathogens”</b>
2:15pm - 2:45pm	<b>Ellen Mowry, MD</b> Associate Professor of Neurology, Johns Hopkins University, SOM <b>“Vitamin D as a Risk and Prognostic Factor in Multiple Sclerosis: Fact or Fad?”</b>
2:45pm - 3:15pm	Break- Light Refreshments- Anna Baetjer room-W1030
3:15pm-3:30pm	Short Talk- <b>Nicola Diny</b> , Graduate Student, Molecular Microbiology & Immunology, BSPH <b>“Eosinophils in myocarditis and inflammatory dilated cardiomyopathy”</b>
3:30pm-4:00pm	<b>Franco D’Alessio, MD</b> Assistant Professor of Medicine/Pulmonary, Johns Hopkins University, SOM <b>“Regulatory T Resolving Cells (Tres) at the Center Stage of Lung Inflammation and Repair”</b>

Sponsored by the Johns Hopkins Center for Autoimmune Disease Research, WHO/PAHO Collaborating Center for Autoimmune Disorders, and American Autoimmune Related Diseases Association. For more information please contact Kathy Spinnato at 410-955-0330 or by e-mail [kspinna1@jhu.edu](mailto:kspinna1@jhu.edu)

No registration required.
