

The Deborah and Noel Rose Autoimmunity Day is sponsored by the Autoimmune Disease Research Center, housed in the departments of Pathology (School of Medicine) and Molecular Microbiology and Immunology (School of Public Health).

The event was initiated by Dr. Rose in 1999 and is now in its 19th year.

There is no registration fee for this meeting. We ask, however, to register in order to have a head count for breakfast and lunch. Registration can be done online at <https://pathology.jhu.edu/autoimmune>, or by e-mailing our administrative assistant, Ms. Norma Stocker at nstocker@jhmi.edu.

Johns Hopkins Medicine

19th Autoimmunity Day

Tilghman Auditorium and Turner Concourse

19th Johns Hopkins Autoimmunity Day
Friday, June 14, 2019
Tilghman Auditorium and Turner Concourse

Morning Session

Chair:	Erika Darrah, PhD Assistant Professor of Medicine, Division of Rheumatology
8:00-9:00 am	Breakfast and Poster set-up
9:00-9:05 am	Welcome and Opening Remarks Mario Caturegli, MD, MPH Professor of Pathology and Endocrinology, Director of the Autoimmune Disease Research Center, Department of Pathology
9:05-9:15 am:	History and Meaning of Autoimmunity Day Noel R. Rose, MD, PhD Professor of Pathology and Immunology, Founder of the Center and Autoimmunity Day
9:15-9:45 am	Autoantibodies: Tools to Define Scleroderma Subgroups with Distinct Relationships to Cancer Livia Casciola-Rosen, PhD Professor of Medicine, Director of Rheumatic Disease Research Core Center and Ami Shah, MD, MHS Associate Professor of Medicine, Director of Clinical and Translational Research for the Johns Hopkins Scleroderma Center
9:45-10:45 am:	Keynote Address: PD-1 Blockade in Cancer Therapy: The Interface Between Antitumor and Anti-Self Immunity Suzanne L. Topalian, MD Professor of Surgery and Associate Director of Bloomberg-Kimmel Institute for Cancer Immunotherapy
10:45-11:15 am:	Connections Between Autoimmunity and Immune- Related Adverse Events of Checkpoint Inhibitors Blockade Daniela Cihakova, MD, PhD Associate Professor, Department of Pathology

11:15-11:45 am:	Neurological Immune Related Adverse Events after Immune Checkpoint Inhibitor Therapy John C. Probasco, MD Associate Professor of Neurology, Medical Director, Inpatient General Neurology Service, JHH
-----------------	---

11:45-1:15pm: **Lunch and Posters**

Afternoon Session

Chair:	Tory Johnson, Ph.D. Assistant Professor, Department of Neurology, Johns Hopkins University
1:15-2:15 pm:	Keynote Address: Strategies to Develop hematopoietic Mixed Chimerism and Modified T Regulatory Cells for Immune Tolerance Induction Everett Meyer, MD, PhD Assistant Professor of Medicine (Blood and Marrow Transplantation), Stanford University Medical Center
2:15-2:45 pm:	Engineering Anti-Tumor Immunity for Cancer Immunotherapy Jonathan Schneck, MD, PhD Professor of Pathology
2:45-3:00 pm:	Abstract Winner - Basic Science
3:00-3:15 pm:	Abstract Winner - Clinical Science
3:15-3:30 pm:	Poster awards and closing remarks Mario Caturegli, MD, MPH Professor of Pathology and Endocrinology, Director of the Autoimmune Disease Research Center, Department of Pathology
3:30-4:00 pm:	Coffee, cookies, and conversation
