February 20, 2023

Dear Faculty, Fellows, Residents, Graduate Students and Medical Students:

We are pleased to announce the **25th Annual Department of Pathology Young Investigators' Day**, to be held **In-Person** on **Tuesday, March 28th, from 10:00a.m – 3:00p.m. in the Turner Concourse**. This important event provides residents, fellows, and students with the opportunity to showcase their clinical, basic, or translational research efforts. This activity allows faculty, fellows, residents, and students to learn more about the diverse ongoing research in our department. **Trainees: Please read the NOTICE below regarding registration.**

We are so excited at the opportunity to bring this event back to the in-person **poster session** format and welcome all eligible fellows, residents, graduate students and medical students to submit their abstract and prepare and present their poster. If you are a trainee working with a faculty member who holds an appointment in the Department of Pathology or are a Pathobiology graduate student, we invite you to join us for this exciting day of science!

Participation is required of any fellow or resident who has presented or will be presenting their work in any format at a national meeting from April, 2022, to March, 2023. Preliminary or published data in the areas of **Basic Research, Translational Research** and **Clinical Research** may be presented. **Awards** will be given for the best poster in each of these areas for House Staff, Fellows and Students, as recommended by a panel of faculty judges. **To honor our trainees and their mentors, a reception with boxed lunches and refreshments will be held during the poster session from 10:00am - 3:00pm in the Turner Concourse, to include a presentation by our guest speaker, Dr. Anqi (Angie) Liu, Ph.D., Assistant Professor of Computer Science, at Noon**. Awards will be presented at the **Pathology Awards Ceremony on Tuesday, June 6, 2023 at 5:30 pm in the Turner Auditorium.**

NOTICE: Registration is managed through a designated Pathology Young Investigators' Day web site. Please click on the following web link and follow the registration instructions carefully:
Young Investigators' Day | Johns Hopkins Pathology (jhu.edu)

You will be submitting your registration and abstract via e-mail to Stacey March (smorgan9@jhmi.edu), Sr. Academic Program Coordinator, Graduate Program in Pathobiology.

Registrations and abstracts will be due to Stacey @ smorgan9@jhmi.edu by FRIDAY, MARCH 10, 2023.

LIMIT 1 per participant -- *at this time, we are limiting participants to 1 poster, however a second may be permitted at a later time, if space permits. Abstract must be by trainee in Pathology or Pathobiology or under mentorship/supervision of* **Faculty holding appointment in Pathology/Pathobiology**

Please join us for this wonderful annual event to show support for the research of our students and trainees.

Sincerely,

Ralph Hurban, M.D.
Baxley Professor and Director of Pathology

Ben Larman, Ph.D.
Co-Director, Pathology Young Investigators' Day Committee

Charles Steenbergen, M.D., Ph.D.
Co-Director, Pathology Young Investigators' Day Committee

DEPARTMENT OF PATHOLOGY YOUNG INVESTIGATORS' DAY
POSTER SESSION

TUESDAY, MARCH 28, 2023
TURNER CONCOURSE

Purpose:

The goal of this event is to provide a forum for scientific and personal interactions between trainees and faculty in the divisions and laboratories of the Department of Pathology. This event will highlight the high quality and variety of research training and research being performed in our department and will foster a sense of mutual interest and purpose.

Eligibility:

Any fellow or resident who has presented or will be presenting their work **in any format** at a national meeting between April, 2022, and March, 2023 **is required to present**. **All Pathology/Pathobiology Trainees** are strongly encouraged to participate! Preliminary or published data in the areas of Basic Research, Translational Research and Clinical Research may be presented.

Presentations:

*NOTE: There is a <u>limit of 1 poster/abstract presentation permitted per presenter,</u> however a second by be permitted at a later time, if space permits Poster size is limited to 4' x 8'. Easels and poster boards will be available for display purposes. <mark>**Posters must be set up before 10:00 am on Tuesday, March 28th**</mark>. A panel of faculty judges will conduct an open review and discuss posters with presenters between **10:00am and 3:00p.m, with our guest speaker presenting at noon**.
Presenters: Please remember to bring tacks, clips, etc. to attach your posters to the boards provided.

Guest Speaker:

Beginning at noon, our guest speaker, Anqi (Angie) Liu, Ph.D., Assistant Professor of Computer Science, will present a keynote address in the Tilghman Auditorium. If you are available, we would ask that you kindly plan to attend the lecture.

Awards:

Upon recommendation of the panel of faculty judges, a prize for outstanding scientific contributions in clinical research, translational research, and in basic research will be awarded to the individuals whose presentations are judged to be the most outstanding examples of high-quality research and excellent presentation. A cash prize will be presented to the winners and their achievements will be announced at a **Virtual Pathology Awards Ceremony to honor our awarded presentations on Tuesday, June 6, 2023 at 5:30 pm in the Turner Auditorium.**
